

Casey House is Montgomery Hospice and Prince George's Hospice's in-patient acute-care facility. Our staff provide short-term care for patients with symptoms that require intensive medical attention.

Casey House offers:

- A warm, home-like atmosphere exclusively designed for hospice patients, and the only healthcare facility of its kind in Montgomery County.
- A highly-skilled team of professionals with end-of-life care expertise, including: physicians, nurse practitioners, nurses, certified nursing assistants, social workers, spiritual counselors, and trained volunteers.
- Continuous nursing care provided 24/7.
- Private patient bedrooms and bathrooms, spacious family indoor and outdoor common areas in a beautiful setting; visitors are welcome.
- Complementary therapies, including music, massage, and aromatherapy.

This facility is Medicare-certified.
